

What are *Good Funds*?

Cashier Check

Good Funds, is defined simply as: Collected funds in a bank account and usable immediately by the owner of the account. Our "Good Funds" payment gateway allows for real-time digital payments that are immediate, irrevocable, intra-bank and/or interbank account-to-account (A2A) transfers that utilize a real-time messaging system. Most Good Funds transactions are ["Credit Push" versus "Debit Pull."](#)

Our system ensures proper [Authentication, Authorization, Verification, Settlement, Notifications and Postings.](#)

Cashier Check Value through Innovation

Cashier's checks deposited into a bank account are usually cleared the next day. The customer can request "next-day availability" when depositing a cashier's check in person. A customer asks a bank for a cashier's check, and the bank debits the amount from the customer's account immediately, and assumes the responsibility for covering the cashier's check.
